

HIRO YANAGIMACHI Order Lineup List

Order Lineup		Made to Order	Made to Measure	Bespoke
Order Features		<p>For those who want more quality and comfort from their shoes</p> <p>Our Made to Order shoes are built on our base lasts which we have developed over years of experience to take into account the special characteristics of the human foot. The most appropriate type of last for a customer is determined after trying on our various fitting samples.</p>	<p>For those who are not satisfied with Ready to Wear shoes</p> <p>Our Made to Measure shoes are built on a base last that has been modified to address any problem points a customer may have with our fitting samples. This order method can accommodate various foot shapes and allows for personalized specifications to the shoe.</p>	<p>For those who want the most personalized shoe possible</p> <p>A bespoke shoe is built on a last that has been created from scratch for a customer. The ideal fit is then achieved through trial fittings. Bespoke offers you the most personalized shoe possible – an opportunity to create a shoe uniquely for yourself, down to the smallest detail.</p>
